## IATA TRANSPORTATION CERTIFICATE

---

We,

Company: Rebelcell B.V.

Address: Wassenaarseweg 75 – Gebouw 377  
2223 LA Katwijk (ZH)  
The Netherlands

Declare that the following product:

Product type: Lithium-ion battery  
Model: **12V07 AV Li-ion** (product code: 12007AVREUA)  
0.75 kg in weight, rated less than 100 Wh (87 Wh)

is tested and certified for air transport in accordance with Part III, Sub-section 38.3 of the UN Manual of Tests and Criteria and is permitted in or as carry-on baggage on passenger aircraft without restriction according to IATA 2.3.2.4.

The conditions necessary to meet the above listed regulation are:

- always protect spare batteries by insulating the terminals to prevent short circuit (e.g. by taping over exposed terminals or placing each battery in a separate plastic bag or protective pouch)
- batteries must be carried in the passenger cabin and stored in a manner to prevent damage by the movement of baggage or other cargo.
- Batteries may not be carried in your check-in baggage.

**Important notice:** this certificate does not apply to damaged or defective batteries.

Katwijk, The Netherlands, November 5, 2018

Rebelcell B.V.
